Find the right NYC entry route

Before chasing a time, check which entry route accepts your result. A half-marathon time does not work for every route.

Worked example

> A fast half marathon outside NYRR is not a qualifying full-marathon result for the non-NYRR route. Check the route before treating a time standard as an entry offer.

Your turn

1. Record edition, race-day age and division.
2. Record qualifying event, organizer, distance and date. Does the official route accept this event and distance?
3. Record the application window and whether the route guarantees entry or has selection limits.

What I observed / what I will check next

2027 context. Official eligibility and deadlines apply. Educational worksheet, not an individualized training prescription.

Method / rules: NYRR time-qualifier rules.
